## STAGE DESCRIPTIONS

### SWIM STARTERS

Accompanied by a parent, infants and toddlers learn to be comfortable in the water and develop swim readiness skills through fun and confidence-building experiences, while parents learn about water safety, drowning prevention, and the importance of supervision.

**A / WATER DISCOVERY**  
Parents accompany children in stage A, which introduces infants and toddlers to the aquatic environment through exploration and encourages them to enjoy themselves while learning about the water.

**B / WATER EXPLORATION**  
In stage B, parents work with their children to explore body positions, floating, blowing bubbles, and fundamental safety and aquatic skills.

### SWIM BASICS

Students learn personal water safety and achieve basic swimming competency by learning two benchmark skills:

- Swim, float, swim—sequencing front glide, roll, back float, roll, front glide, and exit
- Jump, push, turn, grab

**1 / WATER ACCLIMATION**  
Students develop comfort with underwater exploration and learn to safely exit in the event of falling into a body of water in stage 1. This stage lays the foundation that allows for a student's future progress in swimming.

**2 / WATER MOVEMENT**  
In stage 2, students focus on body position and control, directional change, and forward movement in the water while also continuing to practice how to safely exit in the event of falling into a body of water.

**3 / WATER STAMINA**  
In stage 3, students learn how to swim to safety from a longer distance than in previous stages in the event of falling into a body of water. This stage also introduces rhythmic breathing and integrated arm and leg action.

### SWIM STROKES

Having mastered the fundamentals, students learn additional water safety skills and build stroke technique, developing skills that prevent chronic disease, increase social-emotional and cognitive well-being, and foster a lifetime of physical activity.

**4 / STROKE INTRODUCTION**  
Students in stage 4 develop stroke technique in front crawl and back crawl and learn the breaststroke kick and butterfly kick. Water safety is reinforced through treading water and elementary backstroke.

**5 / STROKE DEVELOPMENT**  
Students in stage 5 work on stroke technique and learn all major competitive strokes. The emphasis on water safety continues through treading water and sidestroke.

**6 / STROKE MECHANICS**  
In stage 6, students refine stroke technique on all major competitive strokes, learn about competitive swimming, and discover how to incorporate swimming into a healthy lifestyle.

# SWIM LESSONS POLICY

## Swim Team Prep:

The Aquatics Conditioning class builds on the skills learned in swimming lessons. There is a focus on enhancing endurance and stroke technique for all major competitive strokes, as well as preparing swimmers for a successful future in competitive swimming or swimming as a healthy lifestyle.

Bronze ( 5 - 9 years old) - Intermediate

Silver ( 7 - 12 years old ) - Advance

## Prerequisite:

- 50 yards freestyle non-stop
- 50 yards of backstroke non-stop
- 25 yards elementary breaststroke
- Basic knowledge of Butterfly preferred but not required

## Items to bring for Lesson:

- Goggles (preferable)
- Swim cap (preferred)
- Shoulder length hair needs to be in pony tail
- Flip flops or pool shoes (no street shoes on the pool deck)
- Swim dippers with rubber swim pants for babies/ toddlers (anyone who is not toilet trained)

# SWIM LESSONS POLICY

## **Make-Up Policy**

There are NO make-ups for missed classes, whether your child is sick, out of town, or unable to attend. Your child may not attend a class at another time slot in place of a missed class. This is because there is an instructor to participant ratio that we are required to follow.

## **Refund / Cancellation Policy**

1. The Y-ALX aquatics department will not credit/refund money due to medical reasons.
2. Any credit/refund made after the start of a session will be prorated at the discretion of the Aquatics Director. The credits on members account are only good for 1 year. After that year, they will expire.

## **Instructional/Programs: If a participant cancels, the following policy will be followed:**

1. Participants cancel before the first class – 90% refund
  2. Participants cancel after the first class– 75% YMCA credit only. No refund provided.
  3. Participants cancel after the first class– 50% YMCA credit only. No refund provided.
  4. Members are NOT eligible for credit or refund after the third class.
- If the Y-ALX cancels the class or reschedules a course at the beginning of the session, full credit/refund will be given, if transfer to another class is not possible.
  - The YMCA does not offer make-up for individual absences.
  - All programs have a minimum enrollment number of three participants. Programs with fewer participants may be combined or canceled. You will have the option of receiving a full refund/credit or switching to another similar price program or class.
  - Only the Aquatics Director will approve a refund for a reason not mentioned above.
  - Late registration will not be prorated and no registration after the second class
