Active membership required prior to registration

YMCA Anthony Bowen 1325 W St NW Washington, DC 20009 202/232-6936

the

Refund policy

Instructional/Programs:

If a participant cancels, the following policy will be followed:

1. Participants cancel before the first class – 90% refund 2. Participants cancel after the first class – 75% YMCA credit only. No refund provided.

3. Participants cancel after the second class- 50% YMCA credit only. No refund provided.

4. Members are NOT eligible for credit or refund after the third class.

The YAB aquatics department will only credit/refund money due to family emergencies or medical reasons with a doctor's note.

Any credit /refund made after the start of a session will be prorated at the discretion of the Aquatics Director.

If the YAB cancels the class or reschedules a course at the beginning of the session, full credit/refund will be given, if transfer to another class is not possible.

The YMCA does not offer make-up for individual absences. All programs have a minimum enrollment number of three participants. Programs with fewer participants may be combined or canceled. You will have the option of receiving a full refund/credit or switching to another similar price program or class.

Only the Aquatics Director will approve refund for a reason not mentioned above

the

STAGE DESCRIPTIONS

A / WATER DISCOVERY

Parents accompany children in stage A, which introduces infants and toddlers to the aquatic environment through exploration and encourages them to enjoy themselves while learning about the water.

B / WATER EXPLORATION

In stage B, parents work with their children to explore body positions, floating, blowing bubbles, and fundamental safety and aquatic skills.

SWIM STARTERS

Accompanied by a parent, infants and toddlers learn to be comfortable in the water and develop swim readiness skills through fun and confidencebuilding experiences, while parents learn about water safety, drowning prevention, and the importance of supervision.

Nater Acclimation 1

1/WATER ACCLIMATION

with underwater exploration

event of falling into a body

of water in stage 1. This

stage lays the foundation

that allows for a student's

future progress in swimming.

and learn to safely exit in the

Students develop comfort

2 / WATER MOVEMENT

Water Movement

2

In stage 2, students focus on body position and control, directional change, and forward movement in the water while also continuing to practice how to safely exit in the event of falling into a body of water.

Stroke Development

5

3 / WATER STAMIN

In stage 3, students lea how to swim to safety from a longer distance than in previous stages the event of falling into body of water. This sta also introduces rhythm breathing and integrate arm and leg action.

Stroke Mechanics

6

5 / STROKE

Students in stage 5 work on stroke technique and learn all major competitive strokes. The emphasis on water safety continues through treading water and sidestroke.

6 / STROKE MECHANICS

In stage 6, students refine stroke technique on all major competitiv strokes, learn about competitive swimming, and discover how to incorporate swimming into a healthy lifestyle.

BASICS

SWIM

Students learn personal water safety and achieve basic swimming competency by learning two benchmark skills:

- Swim, float, swim sequencing front glide, roll, back float, roll, front glide, and exit
- Jump, push, turn, grab

4 / STROKE INTRODUCTION

Students in stage 4 develop stroke technique in front crawl and back crawl and learn the breaststroke kick and butterfly kick. Water safety is reinforced through treading water and elementary backstroke.

DEVELOPMENT

HAVE MORE QUESTIONS? Our front-desk staff is available to answer any questions about the swim lessons program.

SWIM STROKES

Having mastered the fundamentals, students learn additional water safety skills and build stroke technique, developing skills that prevent chronic disease. increase social-emotional and cognitive well-being. and foster a lifetime of physical activity.
